Commissioner Michael Whan  
100 International Golf Drive  
Ladies Professional Golf Association  
Daytona Beach, Florida 32124-1092

Dear Michael,

As you know, I have been a tremendous supporter of women's golf. When others wanted nothing to do with it, and many thought that the LPGA tour was a thing of the past and had absolutely no future, I stuck with the tour and with the ladies, many of whom I have "really" gotten to know and respect—not only for their great talent but for being wonderful in many different ways. I defended the LPGA Tour for years. In many cases, because all of my seventeen clubs are very successful (with most of them being high end private), I had enormous pushback from my members. I would, and do, allow LPGA players to use and practice at my facilities, free of charge, with members not being thrilled. The good news is that last week, prior to the immense support I am now getting for being right on the issue of illegal immigration, many of the women came to my defense. Natalie Gulbis, Suzann Pettersen and others were wonderful in many ways, as well as stating the good I have done for women's golf. Their words of support were very much appreciated by me.

Unfortunately, their weak Commissioner – you—who I do not even know, put out a nasty statement "At the current time, plans are to continue to stage the RICOH Women's British Open at Turnberry. With just three weeks until the championship, a change in venue for this prestigious major simply isn't feasible without significantly diminishing the event. By no means, however, does this decision suggest support for Mr. Trump's comments" (which have proven correct). You never called me to tell me this, as common decency would have dictated, but rather just put it out to the media. As you have heard, and as Univision and NBC are finding out, I am a "plus 5" at contracts. You have an absolutely binding contract to play the great Turnberry Ailsa course but, based on your rude comment to the press, please let this letter serve to represent that, subject to a conversation with me

on the details, I would be willing to let you play the Women's British Open, in two weeks, at another course rather than magnificent Turnberry (which I own). I think you have done an extraordinary disservice to women's golf, but in no way will that diminish my respect for the women on the LPGA tour or their great golfing talent.

Please contact me at your earliest convenience to discuss my releasing the LPGA from its obligations under the contract. Obviously, you will have to move quickly!

Sincerely

P.S. Apparently, the American public disagrees with you in that I have just gone to #1 and #2 in the polls.

**Dear Randy,**

**Be advised that under no circumstances is any officer or representative of Univision allowed to use Trump National Doral, Miami—its golf courses or any of its facilities. Also, stop work immediately and close the gate which is being constructed between our respective properties. If this is not done within one week, we will close it and file charges for trespassing.**

**Also, it's too bad you didn't have the courage to call me yourself instead of delegating the task to Beau. If I become president, Univision will not be allowed in to the White House.**

**Thank you for your attention to this matter.**

**Sincerely,**

**P.S. Please congratulate your Mexican Government officials for having made such outstanding trade deals with the United States. However, inform them that should I become President, those days are over. We are bringing jobs back to the U.S. Also, a meaningful border will be immediately created which your pathetic Mexican Government will pay for. We will not have a laughing stock of a border that currently exists.**

THE TRUMP ORGANIZATION

I have decided to terminate my relationship with Macy's because of the pressure being put on them by outside sources. While selling Trump ties and shirts at Macy's is a small business in terms of dollar volume, my principles are far more important and therefore much more valuable. I have always been happy about the fact that the ties and shirts are made in China, and should I start a new product line somewhere in the future, I would insist that they are made in China. Quite frankly, I was always satisfied with manufacturing my product in China, because of what they've done in terms of devaluing their currency. It is very hard for other companies to compete and make such apparel in the United States. These are the kinds of issues I am committed to addressing. Securing our border, negotiating trade deals that benefit China and bringing more jobs to China and other countries is my top priority.

I have always said that if you are successful, it is very hard to run for office, especially the office of President. I have also continually stated that I am not beholden to anyone and this includes NBC and Macy's. Clearly, NBC and Macy's support illegal immigration, which is totally detrimental to the fabric of our once great country. Both Macy's and NBC totally caved at the first sight of potential difficulty with special interest groups who are nothing more than professional agitators, who are not looking out for the people they purport to represent, but only for themselves. It is people like this that are actually running our country because our leaders are weak and ineffective.

If elected, I will greatly strengthen our border with Mexico's money, making it impenetrable, putting a stop to illegal immigration once and for all. I will bring jobs back to China and other countries, even the United States-- I will Make America Great Again if I can!
